Ms. Yñiguez briefly introduced the Carr Ingram & Riggs PLLC firm and proceeded by presenting the audit report with a slide presentation, inviting her colleagues, Mr. Young and Ms. Khatwani to join her. Ms. Yñiguez said this year the firm completed MEDC's audit as well as separate single audit report, a requirement for any organization that accepts federal grants of over \$750,000. In this case, MEDC accepted an EDA grant and a Wagner Peyser grant, which amounted to \$2 million combined. The firm also provided staff with information related to a material weakness on the single audit related to contributions and their recommendation related to the material weakness. She briefly reported on capital assets and long-term debts, and reported on required communications for the Board of Directors as well as management. President Richard Hernandez asked about the material weakness on the single audit, what was it? Ms. Khatwani said that financial transactions requiring signatures were not reported to the Finance Department. The recommendation was that the Finance Department is immediately informed by MEDC staff of any financial transaction requiring signatures. Ms. Yñiguez mentioned a new upcoming standard for audit reporting, GASB Statement No. 96, which will become effective in June 2022 and will apply to MEDC's 2023 FY audit reporting. This requirement will provide guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments).
